**SUBJECT: Petition No. 13,116 (Patent Application S/N 09/736,850)**

1. This is in response to applicant's petition requesting modification of the secrecy order dated 28 March 2002 on non-provisional application 09/736,850. Assignee COLSA Corporation requests that the secrecy order be modified to permit COLSA to inform third parties of the nature of the subject invention and the results of any demonstration of its applicability without disclosing the methods or specific processes utilized. The Air Force recommends that the petition be approved.
2. The proposed modification will allow COLSA to demonstrate the utility of the invention to potential commercial customers and to pursue commercialization while protecting the national security interest by keeping knowledge of the actual algorithms/processes used to implement the invention from public disclosure.
3. If you have any questions or need any further information, please call me at (937) 255-2838.
